• The flooring shall be Polyflor 2000 PUR, as manufactured by Polyflor Ltd. of Manchester, England.
• The flooring shall be flexible PVC sheet flooring in 2.0mm and 2.5mm thickness.
• It shall be homogeneous and monolayer in construction, and shall be manufactured by calendering and pressing, to ensure a dense, smooth surface.
• The flooring shall incorporate a specially formulated polyurethane reinforcement, to significantly reduce maintenance costs.

• The flooring material shall conform fully with the requirements of EN 649/EN ISO 10581.
• The flooring must have a Use Area Classification of 23/34/43, as defined in EN 685/EN ISO 10874.
• In respect of flamespread, the flooring shall have been fully tested to EN 13501-1 and certified as having Class Bfl-S1.
• The 2.0mm gauge flooring shall have been fully tested to ASTM E648 and be certified as having passed with a Class 1 rating, making it suitable for use in institutional, commercial and public buildings. The flooring shall also have been tested to ASTM E662 and have a result of <450.
• With regards to EN ISO 10581 the product shall be classified Type II.
• With regard to EN 13893 for slip resistance, the flooring shall be classified DS, making it suitable for use in areas which are predominantly dry, but with occasional spillage.
• This product does not accumulate static charges above 2kV and is classified as ‘antistatic’ when tested to EN 1815. For specialist applications where there is a requirement to dissipate the electrostatic charge, see the Polyflor ESD product ranges.
• The flooring must be available in 2.0 metre width, to minimise the number of joints.
• In respect of light fastness, the flooring shall have been fully tested to ISO 105-B02 Method 3 and obtain ≥6.
• Polyflor homogeneous PUR flooring ranges are compatible for use with the most commonly used alco-based hand gels and are suitable for steam cleaning on a periodic basis. For clarification and for information regarding handling and installation, adhesives, maintenance, applications, chemical resistance and product warranty consult Polyflor Customer Technical Services on +44 (0)161 767 7912, or email tech@polyflor.com.

Attractive, high performance, heavy duty homogeneous sheet and tile floorcovering with a polyurethane reinforcement for low cost, lifetime polish free maintenance.

Featuring a directional duotone marbled decoration, with marbled highlight tones, 2000 PUR is available in a broad palette of vibrant shades. Demonstrating outstanding durability and abrasion resistance, 2000 PUR is recommended for use throughout commercial interiors, healthcare and education facilities, as well as retail outlets.
