Vast stocks manufactured and held in Manchester with distribution via own transport fleet. Supported by extensive distributor network throughout the UK.

Polyflex Plus - flooring tiles in action

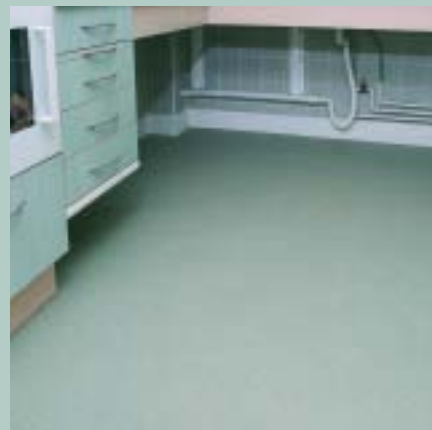

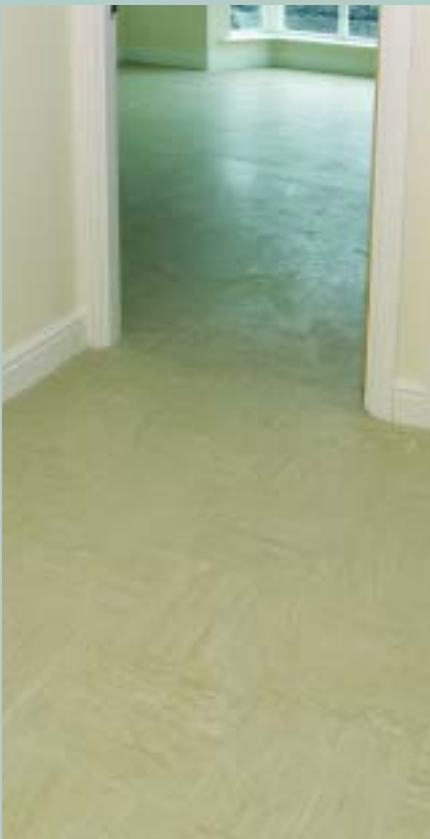

A combination of Polyflex Plus tiles and Polysafe sheet were selected as part of a major refurbishment of flats under a social housing scheme.

Chosen for its proven durability and aesthetically appealing finish, Polyflex Plus was installed throughout all the living rooms.

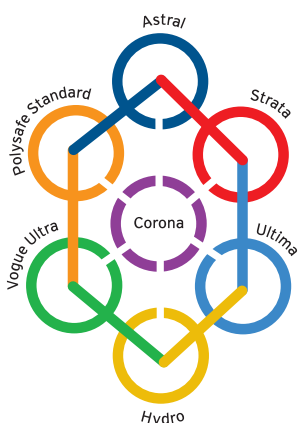

Polysafe Vogue Ultra, a heavy duty decorative safety flooring with multi-chip design was used in all the kitchen areas. Polysafe Hydro, specifically developed for continually wet areas was installed in level access shower and toilet areas with disabled adaptations.

The flooring contractor commented that "the ability to use a combination of sheet and tile products from Polyflor proved a cost-effective option, ensuring minimal waste and yet providing the new tenants with a safe and attractive, hard-wearing flooring".

Polysafe The complete safety flooring solution

Polysafe safety flooring has been manufactured by Polyflor for over 20 years and today the collection offers an array of products for all possible applications with a level of performance and quality second to none.

The Polysafe portfolio comprises no fewer than eight core product options. Top of the range are Polysafe Corona and Polysafe Astral - both incorporating Supratec⁺, the second generation of Polyflor's unique soil releasing polymer system, now including polyurethane for reduced dirt pick up, even easier

Also included are high style, high performance Polysafe Vogue Ultra, the universally popular Polysafe Standard, new Polysafe Strata, Polysafe Hydro for continually wet and barefoot areas and extra tough Polysafe Ultima for busy kitchens and food preparation areas.

Makeover Medley

As the leading UK manufacturer of commercial floorcoverings, Polyflor has options to suit all levels of budgets for major refurbishment programmes. Our product portfolio encompasses high design luxury vinyl tiles through to marbleised and sophisticated chip decorations.

Polyflor. The complete flooring offer.

Colonia Homeline creates stunning floor designs throughout the home

The Colonia Homeline collection of luxury vinyl tiles is a range of flooring suitable for any room in the house. Featuring planks in natural wood designs and marble, stone and design effects, the collection is ideal for large contract housing developments.

Camaro scores on good looks and cleanability

Chosen for their elegant appearance and ease of maintenance, a variety of wood and stone effect luxury vinyl tiles from Polyflor's Camaro Studioflor collection have been installed in houses and flats at a converted woollen mill in Keighley, Yorkshire, UK.

The Woodlands Mill development has been carried out for Hanebury Estates by Balvan Properties and the flooring was installed by Lani Flooring Contractors Ltd of Hyde, Cheshire, UK.

New Polyflor collections target nuisance noise

In response to growing demand for effective and attractive solutions to noise pollution in buildings, Polyflor has launched new heterogeneous sheet vinyl ranges alongside its established Acoustifoam system.

New Polyflor Gallery FX Acoustic is seen as especially suitable for residential areas such as aged-care, social housing and student accommodation. It provides a high impact sound insulation of **19dB** and features a polyurethane surface reinforcement for reduced maintenance.

- 1 Colonia Homeline Stone & Design
- 2/3 Camaro Studioflor Collection
- 4 Gallery FX Acoustic
